

BIG star heart

(you'll need four copies of this sheet)

BIG star heart

- 1: make four *hearts*. Glue them together two and two, pasting the middle squares together.**
- 2: glue the two doubles together, this time pasting the bases of the pointy bits together, and leaving an opening at the bottom.**
- 3: Sprinkle with sticky glitter perhaps? Spray with silver or gold? Up to you. Definitely put on top of tree, though.**
