

PlopPlop Ornaments Tutorial / it's a heart heart season 2015

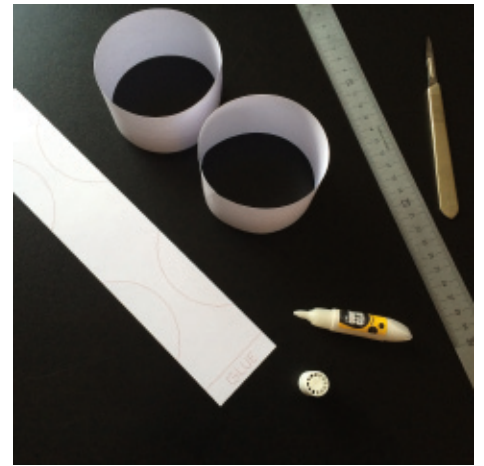

Cut the three strips very precisely

Trace (don't cut!!!) along the curves with a pointy knife

Close two strip loops with glue

Put one loop into the other

Put the third strip through like this:

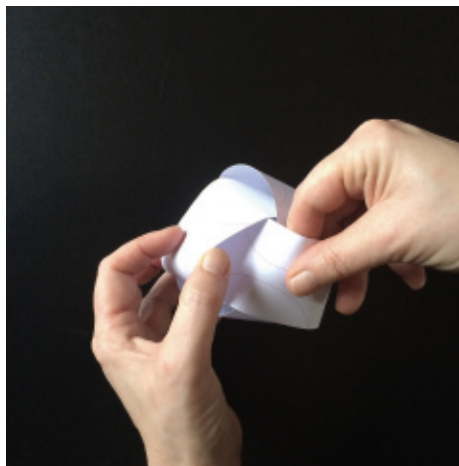

And close the third strip with glue

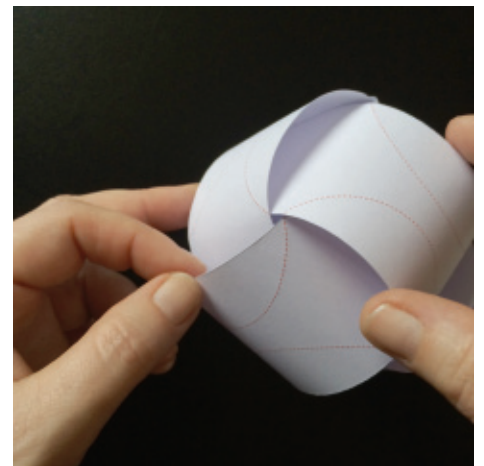

Press until it's dry (I recommend quick drying glue!)

Wiggle the loops around until all the curves face outwards

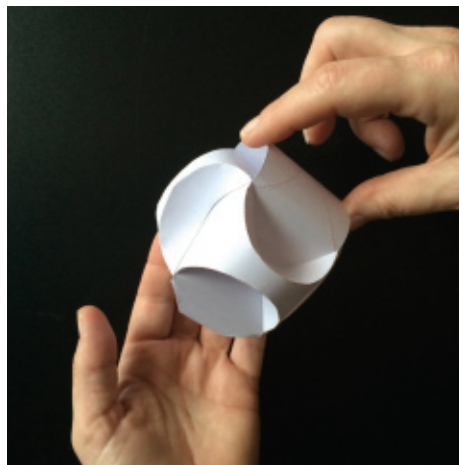

It should look like this:

Gently press the curved (= traced!) sections together

One by one...

And you are done!
